CAREER OBJECTIVE

Motivated and passionate Computer Science student with hands-on experience in Flutter development. Seeking an opportunity to apply my technical skills, contribute to innovative software solutions, and grow as a professional mobile application developer.

EXPERIENCE

DeshIT-BD June 2026 – Present
Mobile and website Developer Mohammadpur, Lalmatia, Dhaka

- Developing and maintaining cross-platform mobile applications and websites using **Flutter, React Native, React.js**
- Collaborated with designers and backend developers to improve user experience.

SKILLS

Languages : Dart, JavaScript, PHP, Python, C/C++, HTML/CSS, MySQL, NoSQL
Frameworks : Flutter, React Native, React.js
Tools : GitHub, Firebase, VS Code, Android Studio, Antigravity, Xcode, Postman, REST APIs
Concepts : API Integration, State Management, Responsive UI Design, Firebase Authentication

PROJECTS

E-Commerce Mobile App | GitHub

- Developed a cross-platform **e-commerce application** using Flutter with product browsing, cart, search, and order management.
- Implemented API integration, localization, and Firebase for authentication and real-time data management.

Task Management App | GitHub

- Built a **task management application** for organizing daily tasks with create, update, and delete functionality.
- Designed responsive UI and integrated APIs for real-time task management and improved productivity.

Toppers Academy | GitHub

- Developed a mobile application to test IELTS level and there are many mock test exams to improve skill level.
- Implemented quiz-based learning with instant feedback for better user engagement and progress tracking.

EDUCATION

Daffodil International University May 2022 – Apr. 2026
BSc in Computer Science and Engineering (CSE) Savar, Dhaka, Bangladesh

* **Research**: Sentiment Analysis of Social Media Comments During July Revolution 2024 Using Machine Learning
