Career Objective

I am a passionate Mobile Application and Web Developer with over one year of experience in building cross-platform applications using Flutter and a strong interest in Machine Learning and Artificial Intelligence.

Career Summary

I am a passionate Mobile Application and Web Developer with over one year of experience in building cross-platform applications using Flutter and a strong interest in Machine Learning and Artificial Intelligence. I enjoy creating user-friendly, efficient, and scalable applications for Android and iOS platforms. Additionally, I have experience in web development using HTML, CSS, JavaScript, PHP, and MySQL, enabling me to develop responsive and dynamic web applications.

Special Qualification

I completed AWS course, I completed App Development course in Ostad platform and I have good knowledge about Machine Learning. Also I have certification of micro1.
